

serialPortConfig\_s

```
graph BT; serialConfig_s[serialConfig_s] -.->|portConfigs| serialPortConfig_s[serialPortConfig_s];
```

The diagram illustrates a relationship between two configuration structures. At the bottom is a box labeled 'serialConfig\_s'. A dashed purple arrow points upwards from this box to a box labeled 'serialPortConfig\_s' at the top. The arrow is labeled 'portConfigs' on its right side.
