

timerStart

```
graph LR; timerStart[timerStart] --> configTimeBase[configTimeBase]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The box on the left is shaded gray and contains the text 'timerStart'. The box on the right is white and contains the text 'configTimeBase'. A solid blue arrow points from the right side of the 'timerStart' box to the left side of the 'configTimeBase' box.

configTimeBase
